

MORONESTUDIO

The studio is located in Benevento and it is active since 2005 in the residential architecture field and design, with a predominant focus on small scale interventions.

The common feature of activity about these last years it's a constructive idea of designing, which is expressed through a particular attention to detail and to relationship with the environment.

ALFONSO MORONE

He graduated in Architecture at University of Naples, where he now teaches design.

Has taught at the Polytechnic of Milan in the faculty of design, at University of Rome "La Sapienza" and at the IULM University of Milan.
